Dear Parents/Guardians,

Georgia law requires that students score at grade level (1010 Lexile or above) in reading and in math (Level 2 or higher) on the eighth grade Georgia Milestones in order to be promoted to the next grade level. *Your child took the assessments and **did not** score at grade level on at least one of these tests.* We are offering an opportunity for your child to retake the Georgia Milestones.

Participation in summer school is REQUIRED for a child to be eligible to retest. All students who did not score at grade level, as required by state law, MUST retake the Milestones.

*Summer school will be held at East Laurens Elementary School
June 7th to June 21st from 8:00 am to 12:00 pm.*

On June 22nd, the Milestone ELA retest will be administered.

On June 23rd, the Milestone Math retest will be administered.

Please contact the school counselor, J'Netra McWilliams, at (478)272-1201 if you have any questions.

Thank you,
Dr. Otha J. Hall
ELMS Principal
