

## Parent and Family Engagement

### Feedback Questions

March 22, 2017

What type of training or programs to improve student academic performance would you be likely to participate in if they were offered by the district?

What training should teachers and school staff have related to engaging parents in the academic success of their child? (Are there any specific topics?)

How can teachers better communicate with you as a parent?

Think back to some of the conversations you have had with other parents and challenges you may have faced yourself. What are some of the top barriers that prevent parents from being able to participate in school functions, activities, and planning events?

Explain what the school can do to address these barriers.

Please provide any additional recommendations or ideas for revision of the District Parent and Family Engagement Plan's content below:

Please complete and turn in before leaving or scan and email to [federalprograms@lcboe.net](mailto:federalprograms@lcboe.net)

If you have any further suggestions or questions you can email them at any time to [federalprograms@lcboe.net](mailto:federalprograms@lcboe.net)
