DONATION DOME

News from your NWLE BETA Club President, Chase Devaney. Before I ran for president, I was asked what I would do to better the school. I came up with the idea of the Donation Dome. NWLE is always raising money and doing projects for other people in need in our community, which is amazing. I just wanted to do something that would give back to the students and families in need here at NWLE. The Donation Dome will be in the atrium and the items to be donated will change throughout the year. Anyone can donate to the Donation Dome, but you must have permission from a teacher to get something out. Teachers may get or send a student to get something out whenever they see the need. Teachers can also let a BETA Club member know if there is a family in need so the items to be collected can be changed to fit their personal needs.

The first thing we will be collecting in the Donation Dome will be shoes. They need to be washed and in pretty good shape.

Beta Club will be collecting “Valentines for Veterans” throughout the month of January. There will be Valentine mailboxes in the atrium where you can drop your cards, letters, notes, or pictures. This can be a whole class project or something you do on your own. Or do both! Please remember to avoid adding anything violent. Help us celebrate our veterans and thank them for their service to our country.

Boosterthon

Parents! This year’s main fundraiser is the RAIDER GLOW RUN! It’s a 10-day program that kicks off with a Pep Rally on FEBRUARY 6TH. Then families will have time to get pledges for every lap your student runs (30-35 laps), and we’ll celebrate at the Fun Run on FEBRUARY 15TH. With our big goal to raise funds for Technology and School Support, we asked the Fun Run experts at Boosterthon to power our Fun Run and make it more profitable, easier, and fun. Students will also experience an amazing character theme, Mind Spark Mystery Lab! It’s a science-infused mystery theme all about solving problems using character. This theme combines S.T.E.A.M. skills (Science, Technology, Engineering, Arts, & Math) with character building. Students will help a team of brainy kids solve problems using a super-lab hidden inside a school. While they’re teaming up with the MindSpark Kids to solve mysteries, your students will learn five 21st-century character traits that will help strengthen themselves and our world. So please help our school by reaching out to sponsors. Also, all families are invited to come out and cheer on your student at the RAIDER GLOW RUN! Thank you for your support!
