ELE	8/30/13	9/18/13
ELM/ELH	8/30/13	9/18/13

Message For Parents: The Laurens County Health Department will be offering the flu vaccine for students in pre-K through 12th grade at each of our schools. A flu vaccine consent packet will be sent home with each student pre-K through 8th grade. Packets will be available for high school students at the school. If you do not receive a packet, it can be downloaded from this website.

If you would like for your child to receive the flu vaccine at school, please read the information and complete the consent form thoroughly. Only the one-page **completed and signed** consent form needs to be returned to the school by Friday, August 30. For more information about the school flu clinics, please contact Patty Portwood at the South Central Health District at 478-275-6545. Thank you.
